Building Work Begins

I'm sure you have noticed that the work for the new extension has started again with the movement of the main entrance gate and the digging up of the path.

This has been a long awaited project and we are all very excited about it. When it has been completed we will have a brand new main entrance. We will also have an amazing new Nursery, a lift and a studio area.

On Monday 11th March, we will see the builders return to start setting up their site in preparation for the rest of the work. This will have some limited impact on us and I thank you for your continued support. We will need to close Napier Lodge, so the before - and - after- school club will be in the main building as will any Parent events. The front playground will have a section cordoned off and you will need to walk around the building to Napier Road side to gain access to and from the Nursery.

We will of course ensure that the children are kept safe with clear boundaries between us and the builders. We have requested that any deliveries are not made during the busy times at the start and end of the day, with lorries only coming down Ranelagh Road, turning into Corporation Street - using it as a one-way system. To help us we would be grateful if you could do the same or even better, park in the streets away from the school and walk.

Thank you again for your support, please do not hesitate to ask any questions and enjoy watching the school grow.

Mrs Lawrenson

E-safety

As part of our commitment to safer internet practice, parents attended a pair of workshops arranged by our Computing lead Mr. Jenkins. The workshops were an opportunity to discuss age-specific risks associated with online use in a quickly evolving digital world. Parents were given practical advice on how to minimise these risks. There were open discussions around parents' setting a good example; appropriate screen time; having honest conversations; setting up online 'family pacts' and use of parental controls. Parent's brought a range of devices along including iPads, Android tablets, MacBook's and mobile phones and were assisted by Mr. Jenkins in setting up parental controls.

If you were unable to attend to sessions and have any concerns do not hesitate to contact Mr. Jenkins.
