Investigating Nature: Year 3

This term Year 3 are researching the Stone Age and investigating everything to do with Rocks – so what better way to do this than learning through and with the natural environment at West Ham Park. The children have investigated the park, making shelters from the natural items they find- just like Stone Age people. We see them here looking for minibeasts, “They have been living on earth for about **550 million** years. This was long before Stone Age people were around which was only two and a half million years ago” stated Arion from 3M3.

A Comedy of Errors: Simply Brilliant

Year 5 Shakespeare Company pose before their performance at Stratford Circus. Their sense of space and relaying the story to the audience was magnificent.
