Summer Term

Issue 3 Friday 26th May 2023

Year 1 Explore Victoria Park

Year 1 visited Victoria park last week to develop their geographical field work skills.

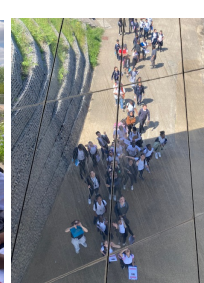

Year 2 Exploring the Thames Beach

Year 2 visited Thames beach at Gabriel's Wharf as part of their Ranelagh Curriculum topic on Coasts. They looked at the human and physical features of the area and also had an opportunity to carry out some mudlarking - searching the Thames riverbed for historical treasures.

Year 6 Visit the Olympic Park

Year 6 spent the day at the Olympic Park carrying out a plethora of field work for their learning in geography. They were lucky enough to bump into the Director of Operation and Venues and get expert answers to their excellent geographical questions.

Your school needs your support

Are you having a clean out? Do you have unwanted toys, books etc that your children no longer need or want? If yes, please can you donate these to the school. We are always looking for extra resources and materials that our pupils can use safely and appropriately!

Please can you give them to the school office in a clean condition that can be passed to the different classrooms. Thank you for your continued support.

A night at the School

Year 3 were very lucky to have a sleepover at the school. They spent the night telling each other lots of stories and looking for the ghost teachers!

Attendance

Research states that having high school attendance correlates with the child's development and achievement. Please make sure your child attends school.
