

CHARITIES Helping others is a huge part of life at Ranelagh and we encourage social responsibility at all ages. The curriculum ensures that each Year Group organises events that raise funds for different charities; local, national and global. Over the years, Ranelagh supports these charities regularly: Macmillan Trust, Community Links, British Heart Foundation, Sports Relief and Free the Children to name but a few.

Global Action Projects Fair 2022

Save our Planet, Stop Ice Melting , Save our Oceans were some of the protest songs ringing out on a warm Autumn evening in October. Climate change is a topical issue and the children of Ranelagh learn how climate change is affecting the world globally and how humans have made choices that are slowly destroying the planet. Children distributed seeds to grow to regreen areas around Newham and collected clothes to send to Pakistan through the charity Islamic Relief for flood affected communities.

EYFS learned about creating a Sustainable World

EYFS Children were engaged with making models using recycled materials provided. Yassin said he was “recycling to make new things”.

Year 1 supported World Ocean day

Charlie: "We have been learning about the sea. The sea is getting destroyed by people dropping litter on the floor." The children raised awareness at the fair with collages of Save The Ocean. They also visited the Natural History Museum to learn about animals that live in the sea.

Year 2 - Raising awareness about Saving the Planet

Abdullah said "humans are suffering because of the melting ice caps"

Year 3 supported The Rainforest Alliance

Year 3 composed a song about saving the rainforest which they sang to the community. They made posters and action project collages from a range of recycled materials . The singing was performed with actions which parents and carers also joined into. There were awareness banners and links to the rainforest alliance so people can donate to the charity.

Year 4 Supported the charity- Practical Action

They focused on raising awareness about Regreening our local area . They performed a dance and sang a song about planting seeds.

Children also distributed seeds to parents, carers and members of the local community.

Year 5 Supported The British Red Cross

Children made leaflets and posters raising awareness of earthquakes and their impact on communities and peoples lives. Children distributed leaflets with QR codes and highlighted links to videos and important facts on this topic.

Year 6 Supported the charity Islamic Relief

Year 6 raised money for the Pakistan Flood appeal. They highlighted key facts about the earthquake and the importance of supporting the country with clothes and goods. Children made leaflets and shared digital media style powerpoints about this.

A total of 45 bags of clothes were collected by the children which were then taken to the Islamic Relief shop in E1 .
