## Putting parents into the equation.

This week children welcomed their parents into their class to enjoy a morning of maths activities. The children took the lead in showing parents different approaches and strategies used in class, solving maths problems.

The parents were impressed with the confidence of the children and the use of concrete objects, pictorial methods and the knowledge of their children when solving problems.

Genesis in year 6 said, "I enjoyed showing my mum how knowledgeable I am solving maths problems together". Eddie agreed and added, "It shows our parents how to do maths and the different strategies to solve the problems".

## A visit from King Henry VIII and Queen Asantewaa

The children in KS1 enjoyed a chance to question

King Henry VIII of England and Queen Asantewaa of the Ashanti Empire, now part of modern-day Ghana from modern day

Ghana. Henry answered questions about his favourite hobbies and Asantewaa told the children about the War of the Golden Stool.

"Henry VIII was horrible to his wives .  
He has 2 daughters and 1 son." said Nura in G1.

"Queen Asantewaa was a successful farmer but she was a mum too." said Zakariya in G1

"Asantewaa said that if the men wouldn't fight, the women would fight instead." Sarah in G3 stated.
