The best that we can be!

From curious enquirers to the amazing young people they are today .

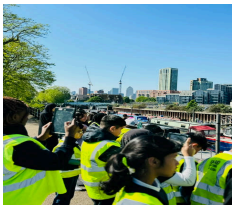

Year 6 demonstrated their remarkable resilience throughout this week during their KS2 SATs. The sheer determination to stay calm and focused as they showed off all that they have learned at their time at Ranelagh is what makes them a remarkable Ranelagh pupil. Please join us in congratulating them on their remarkable achievement. Well done Year 6!

Look out for our young geographers!

Year 5 embarked on an exciting geography fieldwork adventure at Three Mills Green. The children immersed themselves in the landscape, uncovering the geographical features and human impact that shape our local environment. As they traversed the park, the children also investigated the human geography aspects of Three Mills Green. Our young geographers gained valuable insights into concepts such as land use and sustainability.

Equipped with their tools and clipboards, Year 3 were off to carry out a pollution study in different areas of Wanstead Park. They compared this to the pollution around the school and how they can improve their environment.

Charity and Warmth in Every Sip

Thank you to the School Council and the PTA for organising a successful Hot Chocolate Morning. With each cup enjoyed, we raised important funds for our chosen charity - London's Air Ambulance, spreading warmth and making a real difference in the lives of others.
