### Volcanoes and Earthquakes

From creating explosive volcanoes in their classrooms to venturing off to the Natural History Museum to learn more about it, Year 5 enhances their learning all about Volcanoes and Earthquakes.

### Little green fingers busy in our Edible Playground!

KS1 have been busy weeding and digging over their planting beds, ready to sow their seeds. The children enjoyed putting their green fingers to work when using the garden equipment and putting all the weeds into the compost bin. Watch out to see what they grow, harvest and eat over the term!

### Getting creative at Forest School

Year 6 unleashes their creativity as they use inspiration from what is around them to create magical and mystical characters for their creative writing and storytelling. Who will you meet the next time you are out in the park?

## Let's work together to keep our children safe!

We have noticed an increasing number of people engine idling and parking by curbs during the after school clubs pick up time. This can pose many risks to the children. Please be mindful about where you are stopping.

Engine idling is the unnecessary running of a vehicle engine and is a significant source of local air pollution as well as noise. The Council adopted powers to issue fixed penalty notices for idling. Please don't get caught!
