Summer Term Friday 23th May 2025

From Caterpillars to Butterflies and a visit to Mudchute farm: A magical journey in reception!

Our Reception children have had an unforgettable adventure this term as they helped raise five real caterpillars right in our classroom! With great excitement, they watched as the tiny caterpillars munched their way into becoming big and strong. After a week of growing, each one created its own chrysalis and began its magical transformation. For two whole weeks, they had to wait patiently... until finally, they emerged as beautiful butterflies! The fun didn't stop there. They looked after their butterflies for four days, carefully feeding them and watching them flutter their delicate wings. Then came the most exciting part — releasing them into our park! It was a truly special moment as we said goodbye, knowing we can visit them each day until they fly away to start their next adventure. What a wonderful way to experience the magic of nature together!

The excitement continued in Reception on Friday 16th May 2025, as they set off on a visit to Mudchute Farm! Their journey began with a fun train ride, and the excitement only grew when they arrived and were greeted by all sorts of amazing farm animals. From mooing cows to clucking chickens, the children had the chance to see them all up close.

One of the highlights was spotting newborn chicks, fluffy ducklings, and tiny lambs — a truly magical experience! This special trip helped our Reception children make real-world connections to their learning in school and develop a deeper understanding of the world around them. It was a joyful, hands-on day full of wonder and learning.
