Exploring the Vibrant Streets of Shoreditch!

Our Year 6 pupils enjoyed an unforgettable trip to Brick Lane and Shoreditch recently, stepping out of the classroom and straight into the colorful world of urban street art. Building on their recent school projects about the elusive artist Banksy, the children were left absolutely awestruck by the massive, stunning murals decorating the neighborhood.

The highlight of the day was having the incredible Mr. Choudhury as our guide. As a lifelong resident of the area, he brought the streets to life with his deep knowledge of East London's rich artistic history, sharing the powerful, real-life stories behind the artwork. It wasn't just an art trip, though! The children also put on their geographical hats, conducting brilliant hands-on fieldwork to map and study how this bustling and diverse part of London has changed over time. Our pupils came back buzzing with inspiration. Afeefah shared, *"It was amazing to see so many different styles of art in real life – every corner had something exciting to discover!"* Ziann added, *"The trip was awesome because we learned the stories behind the artwork and got to explore such a cool part of London."*

A huge thank you to Mr Choudhury for sharing his neighborhood's secrets with us, and well done to Year 6 for representing our school so brilliantly!

KS1 Thames Barrier Visit

Despite the weather, KS1 had a fantastic trip to the Thames Barrier as part of their Geography learning. During the visit, the children explored and identified both human features and physical features of the local environment. They observed the impressive Thames Barrier, roads, buildings and bridges, as well as natural features such as the River Thames and surrounding green spaces. The children thoroughly enjoyed their day and developed a greater understanding of how people and nature shape the world around us.

Year 5 Tate Modern Art Gallery

Year 5 children went on an inspiring trip to the Tate Modern art gallery, where they explored world-class artwork spanning multiple generations. The children enjoyed the bronze sculptures of Alberto Giacometti and the bold, revolutionary shapes of Pablo Picasso. They were particularly captivated by the powerful performance and installation art of contemporary artist Nora Chipaumire.

It was a fantastic day filled with creativity, curiosity, and brilliant questions that truly brought their art curriculum to life. Yusuf said "I'm glad we came here because there are so many rooms with so many things to look at and art comes from all over the world."
