10th Dec - Christmas Lunch & Christmas Jumper day

11th Dec - Winter concert

18th Dec - School Council Hot Chocolate Morning

18th Dec - Carols Around the Christmas Tree

18th Dec - Last day of term

Curriculum News

Autumn Term 2026

EYFS

Homework

Homework will be handed out on a Friday and returned on Wednesday.

Encourage your child to try it themselves and please help address their pencil grip.

Reading Books

Books will be changed on a Tuesday.

Please ensure your child comes to school with their reading book on this day.

Please encourage your child to read to you everyday. Encourage your child to use the pictures to create their own story. Please also read to your child daily.

General Information

Please make sure your child has a water bottle and weather appropriate clothing on as outdoor learning is a big part of your child's learning. Please leave a bag of labelled spare clothes in school, just in case of accidents or if they get wet.

Reception Classes will have PE on Thursday.

Your child can come to school in their PE kit to school on the day they have PE. This is a white top, dark bottoms and black trainers with their names on it .

Click [here](#) for support with settling your child into school and help with their development.

Communication, Language and Literacy

Your child will learn to retell stories and use role play to act out the story. They will learn letter sounds in phonics and learn how to write the sounds.

How you can help your child

- Have a sound hunt.

Encourage your child to recognise sounds/letters and words around them in signs and food packaging

- Ask your child to write simple shopping lists/ birthday cards/ party invitations.

This may look like random sounds and marks at this point of their learning which is great!

- Practise reading and writing their name.

Maths

Your child will learn to count out objects and toys. They will learn to read and write their numbers. They will put numbers up to 5/10 in order.

How you can help your child

- Regular counting opportunities e.g counting toys and food items by pointing at each item as they count.
- Order toys from biggest to smallest, tallest to shortest, heaviest to lightest.
- Have a shape hunt. Find 2D shapes like squares in windows and 3D shapes like cuboids for cereal boxes.
- Practise reading and writing their numbers.

Understanding the World

How you can help your child

- Talk about people who help us e.g teachers, police, doctors etc.
- Walk to the park and ask your child questions about what they can see around them.
- Talk about what is similar or different in people e.g height, hair colour, eye colour
- Visit the farm- talk about the different types of animals that live there, what do they eat etc

Personal, Social, Emotional Development

- Talk about the new friends they have played with.
- Ask them why they received reward stickers
- Talk about what makes them special

Physical Development

- They will strengthen their motor skills by learning how to use knives and forks, holding pencils and learning to develop their fundamental skills; balance, movement and use of space.
- Please encourage your child to do things independently.

- We will be working on supporting children's emotional well-being through small group sessions using stories to help children learn how to best manage their feelings and emotions.
- Children will learn how to express themselves creatively through art, junk-box modelling, role-play and music. Your child may get messy/wet throughout the day so please do provide extra clothing in a bag.
- If you have any questions about your child's development or how you can further help them at home, please feel free to speak to us at any time.
- We are looking forward to working with you throughout the year to help your child thrive in their development.
