Resource Provision

Dear Parents/Carers,

The Local Authority have recognised the amazing teaching and learning that happens daily at Ranelagh. They have seen the attainment and progress of all children improve over the last five years. They have asked us to share our practice within Newham and have encouraged the school to become a Resource Provision for children with Autism (ASD).

The Local Authority will fund each Year group to have provision for two children with autism. This will allow parents and carers to access the wonderful expertise within the Ranelagh setting.

If you have any questions or would like to learn more, please talk to a member of the Leadership or Inclusion team. There will also be a coffee morning on Friday 23rd March at 2:30pm to answer any questions, at the school.

We would like you to return the reply slip below with your opinion, by Monday 23rd April 2018, 12pm.

Thank you, this would not have been possible without your invaluable support.

Yours sincerely ,

Mr Paul Harris – CEO of The Tapscott Learning Trust

Mrs Shella Lawrenson - Head Teacher

I would like Ranelagh Primary School to be a Resource Provision for children with ASD.
