## Ranelagh Children on the BBC

Year 4 children were part of a BBC programme this week, asking lots of questions about the coronavirus. The programme can be seen on Wednesday's Victoria Derbyshire show on BBC catch-up. They asked excellent questions and a doctor was able to give the children answers to reassure the children. The children were told that they could play their part and wash their hands before lunch and after play and eat lots of vegetable and fruit to keep their immune system healthy. Jim Reed, a BBC Reporter, said the children were absolutely brilliant Year 4 children were amazing ambassadors for the school.

## Edible Playground – Teachers Learn How to Grow Your Own

Teachers were extremely excited on Monday evening when they were trained to dib, drill and sow; this is part of Ranelaghs Edible Playgrounds. As well as outdoor learning being a focus within our initial year as a forest school, we want to ensure that Every Child is a Gardener. Children and adults will be growing their own fruit and veg in our own school playground. Some children have already planted delicious raspberries and rhubarb. The whole school will begin planting in April and by June will reap the 'fruits (and veg , and flowers) of their labour ' with an abundance of raspberries, carrots , rocket and tomatoes to eat at their own convenience - completely free. This is Ranelagh's vision to give children rich and memorable learning experiences to prepare them for their future.
